

Compatibility NoroTecs micronutrient products with plant protections

The evaluation is done by using a concentration corresponding to 100 litre water per hectare

Mixing with several plant protection has been conducted.

We recommend a test before practical use with the actual product, combination and water, as the the water quality effects the result.

Compatibility herbicides and fungicides

	Manganese	Copper	Magnesium	Universal	Flytande Bor	Potato	Cereales
Ariane S+ CometPro	C						C
Ariane S+ Proline 250 EC	C						C
